

**Campus Fee Advisory Committee  
Category II Fee Request**

**January 20, 2026**

**RECOMMENDATION**

I approve the increase to the Instructionally Related Activities (IRA) Fee as outlined in the recommendation from CFAC. However, the alternative consultation process yielded substantial feedback from students emphasizing the benefit of additional resources now—particularly students from Imperial Valley, who underscored the importance of more equitable access to student life opportunities, club sport opportunities, and student life facilities on the Imperial Valley campuses themselves, which this amended fee would support. In light of this feedback, and with respect for the committee's work, I am recommending one modification to the committee's proposal: that the total increase be implemented over three years rather than four. To responsibly support this slightly accelerated implementation, I have directed my Vice Presidents to work closely with Associated Students to ensure that additional resources are strategically allocated to the Basic Needs Center and to the Economic Crisis Response Team (ECRT), and that outreach and advertising to students on the Mesa and at Imperial Valley are further expanded to ensure greater awareness of these student financial support resources across our student body.

<b>IRA Fee</b>	<b>Fee Increase</b>
2026-27	\$60
2027-28	\$30
2028-29	\$30

Approved

Adela de La Torre, Ph.D.
